

# **Manual Robotic Tool Changers | Other | AP-SEK100-SHW160**

**Sous titre**

**Range of manual interchange adapter plates**

Adapt any electric or hybrid module to the different models of robots thanks to this adapter plate

---

In order to adapt the different modules of the SEK range to the SHWs, we have developed an adapter plate which allows the electrical and hybrid modules to be connected.

## **Advantages**

### **Benefits**

- Simple design and easy to you
- Cost-effective

## **AP-SEK100-SHW160**

**Operating temperature** -30 to +120 °C

**Type** Other

**Protection rating** IP40

**Contact durability** 50000 cycles

**Materials** Al, anod.

**Operating pressure** -1 to 8 bar

### **Electrical Ducts**

**Notice :** The provided technical data are the higher limits recommended in static condition. To obtain the correct dimensioning of the product, it is necessary to hold account of all the applicable dynamic forces, including the inertia of the manipulator, the configuration of the tools and the external forces applied.
