

Tool side module for BOLLHOFF gun application with:
 One M8-COD A male connector , one 7/8" 5-point female connector (24V), one M23-8-point female connector (Motor) and one M23 female connector - 12 points (Encoder) at the end of 1.3m cables.

Feature

S.5-EM-T-E-IC8-IC12-7/8-M8D	
Type	Electrical module
Weight	1.000 kg
Size	66 x 207 x 143 mm
Material	Aluminum, Stainless Steel, Gold, Plastic, Copper
Connector	1 x 7/8" 5CTS 1 x M8 COD-A 4CTS 1 x M23 12CTS 1 x IC 8CTS

Notice : The provided technical data are the higher limits recommended in static condition. To obtain the correct dimensioning of the product, it is necessary to hold account of all the applicable dynamic forces, including the inertia of the manipulator, the configuration of the tools and the external forces applied.

ELECTRICAL MODULE FOR BOLLHOFF CLAMP

Along with the standard offer of pneumatic and electrical modules, PES proposes engineering capabilities for developing custom electrical/pneumatic modules or accessories for Sigma Series tool changers. We offer a wide range of off-the-shelf custom modules enhancing Sigma tool changers communication capabilities or safety and if needed, we will be pleased to adapt our product to your specific requirements. Standard Air/Water modules are listed below. Do not hesitate to contact us to share your specific requirements in order to find the right solution that meets your needs
